Don't Let Your Hard Earned Money Go Up In Smoke

With interest rates so low, getting the most out of your savings can be a challenge. A CD from LibertyOne can help with that.

What's a CD?

Certificates of deposit or CD's, are like a savings account where you can't withdraw the money for a certain period of time. In return for agreeing to keep your money in a CD for a longer period of time, your financial institution pays you a higher rate of return. LibertyOne offers Regular and Jumbo CD's. With a minimum deposit of \$1,000, you can lock in above market rates anywhere from 6 months to 5 years. Rates are higher with a minimum deposit of \$25,000. Rates may be "Stepped-Up" once during the term for a nominal fee. Regular and Jumbo IRA CD's also available! Contact one of our representatives at 214-413-5588 for more information.
